

Company Information

Introducing AMW Pro-X Distributors, a new way to get the most out of your high power rocketry experience. Building upon the infamous zoo animals of the past, AMW Pro-X Distributors is proud to bring to you even more new and exciting propellant formulas that are a direct result of our marketing arrangement with Cesaroni Technology Incorporated of Canada. Whether you are interested in our widely used and accepted snap-ring motor technology, grabbing the latest zoo animal propellant for your next launch, needing replacement parts or accessories, or just want one of our great pieces of AMW Pro-X apparel, you've come to the right place.

Here, you will find valuable information about our company and products. If you want to know who is behind keeping the animals in line, check out our zoo keepers. If you need to reach us, you can complete our contact form on the contact us page and we will get back to you as soon as possible. Or perhaps you were searching for ordering information, where you can find a list of our dealers as well as convenient order forms. Have a question? You might find your answer on our Frequently Asked Questions page.

Browse our technical section, where we introduce you to our various zoo animals, open our library of motor assembly instructions for you to download, including computer simulation engine data files. You can also find a downloadable catalog of all of our products, and a detailed list of tools that are required for you to utilize our motors in your rockets.

We hope you find your visit informative and useful, but if you have any questions at all, please don't hesitate to contact us. We will respond to you as soon as possible.

Sincerely,

AMW Pro-X Distributors, Inc.
A better way to fly...™
